Family Enrichment USA  
[www.familyenrichmentusa.org](http://www.familyenrichmentusa.org)

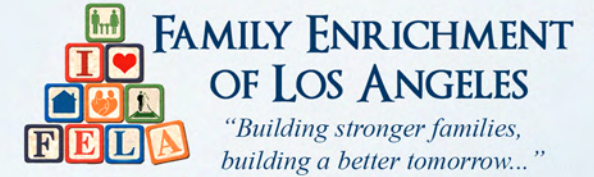

is a non-profit organization affiliated with the International Federation for Family Development in Madrid, Spain.  
[www.iffd.org](http://www.iffd.org)

The strong foundation of the family is derived from the love of husband and wife in an indissoluble relationship involving a sincere gift of self for the good of one another. This gift of love is further realized by sharing in God's creative power to bring life into existence, welcoming each child into the family with unconditional love and care.

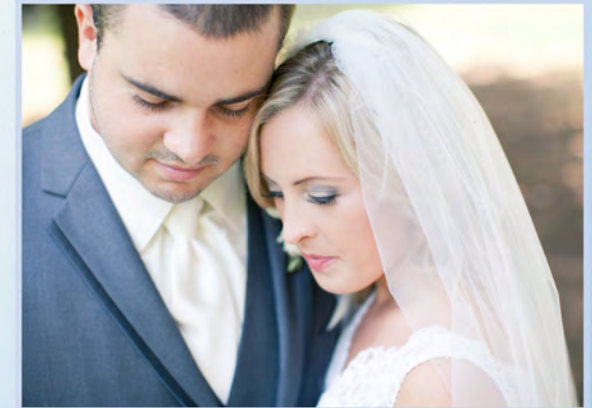

Because parents have given life to their children, they are seriously obliged to educate them and therefore, they are the first and primary educators. It is an obligation of the parents to create an atmosphere in the family inspired by love which favors an integrated personal and social education. The family, for that reason, is the first school for social human virtues which all societies need.

Parents can give to their children and to each other only what they themselves have. Parents' ability to educate their children in human virtues is enhanced by their continuous personal development and being a united team of husband and wife.

Family Enrichment is dedicated to support the family by helping parents through a positive approach that provides an opportunity for personal growth and enrichment in developing their abilities to raise their children.

## Course Objectives

- 1) Promote a deeper understanding of the nature of the marriage relationship and the family, and their potential for personal fulfillment as husband and wife.
- 2) Educate spouses regarding the human virtues that enhance their marriage and their role as the primary educators of their children.
- 3) Learn to identify opportunities, solve issues and set goals within the family through the "Case Study" method - an interactive technique for analyzing real life family situations in an objective, practical and positive way.
- 4) Meet and form friendships by learning with other couples who are committed to improving their marriage and family life.
